

2024 California Regional High School Sports Medicine Competition

The Super Team

See how your students rank against all the schools competing!

The top eight (8) individual student's scores (written exam + practical exam), from each school, will be averaged together to create the "Super Team" score. The written exam (450 points) + practical exam (100 points) /divided by eight (8) = "Super Team Score".

The AACI technology department will crunch together the scores of each school's top eight (8) students, no matter what division they compete in. The Super Team Scores will be compared to all schools in attendance, the top five (5) "Super Team Scores" will be announced during the awards ceremony.
